WINTER NEWSLETTER 2008

We are celebrating the 6th Birthday of our business "Apartments on Tolmie". The first apartment guests stayed in August 2002, and we are pleased that so many of the guests from our first year in business continue to return and stay with us again and again.

Winter has arrived and we are experiencing cold nights and finding lots of guests are enjoying listening to the rainfall overnight. Many people are suffering from the ongoing drought and water restrictions and choosing to visit Mount Gambier to see the green countryside and lots of water.

Renovations – we are closed for 1 week at the end of July while new Fire Safety detection systems are being installed in all of the properties. The new systems will provide smoke alarms with emergency lighting in all bedrooms and living areas. New carpets are also being installed in the 2 bedroom apartments.

Best Wishes
Sandra and Martin
